COCOA MINT

SUNWEAR

The Cocoa Mint Sunwear collection comprises 22 fashion-forward pieces that bring the brand's distinctive style of 'relaxed glamour' to life. An utterly desirable selection of acetate and metal pieces, the 2017 collection radiates modern femininity, adding a touch of on-trend appeal – as well as subtly drawing on the glitter trend that proved a highlight on the 2017 catwalks.

JENSEN

SUNWEAR

Super-smart and technically advanced, Jensen Sunwear maintains the Jensen brand's iconic 'jet-set' feel. Instinctively modern, this range of 18 pieces refines men's sunwear, providing practices with key looks that add contemporary edge. Designed from the bridge outwards for ultimate wearer comfort, each piece delivers tailored style to the practice portfolio: the finest Italian acetates, high-fashion lens treatments, specialist materials including matte carbon fibre, and skull-fit temples see this range stand out for all the right reasons.
